## **Space & Naval Warfare Systems Command Unit Awards Contract**

CHARLESTON, S.C. -- Scientific Research Corporation of Atlanta, GA 30339 is being awarded an Indefinite Quantity, Cost-Plus-Fixed Fee delivery-type contract in the estimated amount of \$7,929,909 (base period) to provide analytical, engineering, and support services for various satellite communication programs such as Joint Maritime Communications Strategy, Advanced Digital Networking System, Demand Assigned Multiple Access, and Global Broadcast Service. Work will be performed in the following locations: Atlanta, Ga (63%) and Charleston, SC (37%). Period of performance for the base period shall commence August 1, 1997 through July 31, 1998. This contract contains four one-year options which, if exercised, will bring the total cumulative value of the contract to \$37,079,854 (total dollar amount including options). The contract will initially be obligated with OPN FY98 expiring funds in the amount of \$50,000. This contract was procured on a competitive basis with one hundred eleven (111) proposals solicited and four (4) offers received. The Naval Command, Control and Ocean Surveillance Center, In-Service Engineering, East Coast Division, Charleston, SC is the contracting activity (N65236-97-D-5803).
